United States Synchronized Swimming and Colorado Time Systems continue partnership

Colorado Time Systems is pleased to announce a continued partnership with United States Synchronized Swimming through December 2012.

Colorado Time Systems will provide scoring, display equipment and technical support for U.S. Synchronized Swimming's championship events, including the US Collegiate Championships, US National Championships, Speedo US Junior National Championships, e-Synchro US Age Group National Championships, the US Open National Championships, and the US Masters Championship.

US Synchronized Swimming is the national governing body for the sport of synchronized swimming, and is headquartered in Indianapolis.

"We are thrilled to continue our partnership with Colorado Time Systems for another four years," said Terry Harper, US Synchronized Swimming's Executive Director. "Their professional expertise in aquatic scoring, and continuing support for Synchronized Swimming have been mainstays in the success of our National Championship program for a long time. It's great to see it continue."

"USA Synchro has proven to be a valuable partner for us in past years," said Anita Sayed, CTS President & CEO. "We are thrilled to partner with them for another term, and look forward to the continued joint success."

Based in Loveland, Colorado, Colorado Time Systems has established a reputation for precision and innovation in swim timing equipment. Since 1972, premier aquatic facilities have chosen Colorado Time Systems for platinum quality timing, scoring, and display systems.
