USA Water Polo and Colorado Time Systems extend Sponsorship Agreement

Colorado Time Systems (CTS), a major provider of sports, scoring and display systems throughout the world, will continue its sponsorship of United States Water Polo, as their official scoring and timing partner through December 31, 2012.

As the Official Scoring and Timing System partner, Colorado Time Systems will provide scoring equipment and technical support for United States Water Polo major events from 2009 - 2012.

United States Water Polo is the national governing body for the sport of water polo. Their mission is to ensure the development and longevity of the sport of water polo throughout the United States by offering the highest quality water polo programs and the best possible polo teams at international competitions.

“What sets Colorado Time Systems apart for us is the value proposition. They make great, reliable scoreboards, 30-second clocks and other water polo electronics, and they provide premium equipment. Our partnership with Colorado Time Systems was a key ingredient in our silver medal performance at the Beijing Olympic Games, and they will help us as we prepare for the games in London,” said Christopher Ramsey, CEO of USA Water Polo.

“Colorado Time Systems enthusiastically supports United States Water Polo” said Anita Sayed, CEO and President of CTS. “We are pleased to support the dedicated athletes and coaches who have a passion for excellence in water polo.”

Based in Loveland, Colorado, Colorado Time Systems has established a reputation for precision and innovation in swim timing equipment. Since 1972, premier aquatic facilities have chosen Colorado Time Systems for platinum quality timing, scoring, and display systems.
