USA Swimming selects Colorado Time Systems for USA Grand Prix Meets

USA Swimming selected Colorado Time Systems to manage the TV interface and provide wireless backup timing utilizing “Dolphin” for the Charlotte UltraSwim Grand Prix and the USA Swimming Grand Prix events.

Colorado Time Systems will manage the data stream from the timing equipment to Universal Sports, who will televise the events. The Charlotte UltraSwim is scheduled May 14 – 18 at the Mecklenburg Aquatic Center in Charlotte, NC and the USA Swimming Grand Prix will be held in Santa Clara, CA June 11-14.

USA Swimming is the national governing body for the sport of swimming, and is headquartered in Colorado Springs, CO.

“We are pleased to have been chosen to sponsor these USA Swimming events,” said Anita Sayed, President and CEO of Colorado Time Systems. “With Michael Phelps returning to compete for the first time at the Charlotte UltraSwim, it will be an exciting event for everyone involved.”

Based in Loveland, Colorado, Colorado Time Systems has established a reputation for precision and innovation in swim timing equipment. Since 1972, premier aquatic facilities have chosen Colorado Time Systems for platinum quality timing, scoring, and display systems.
