# WATER POLO

## Colorado Time Systems' Deck Clocks are an excellent side display solution.

## Key Features:

**Multi functional**
Use as a game/shot clock for many sports, or pace in time of day

**Bright LED digits**
Variable intensity settings for visibility day or night. 5" digits at the top display time of day, and 10" digits at the bottom show seconds for pacing or shot time.

**2.4GHz integrated wireless**
The deck clock wireless receives game/shot data from the CTS wireless tabletop or handheld controllers, or a CTS timing console with a 2.4GHz wireless adapter.

**Pacing**
Pace in time of day (hours, minutes and seconds) without any controller. Multiple clocks automatically synchronize in pace mode.

**Integrated horn**
Weatherproof horn produces both game and shot tones.
